

*Dear Parents of:*

*Congratulations, your dancer has successfully completed our children's division and has been recommended for our Ballet 1A program next season. This elite program is part of our progressive division. Students are recommended by their current teacher for several factors. A student must demonstrate natural talent, high levels of concentration, physical ability, and enthusiasm for ballet training. We take this selection process very seriously. Our progressive division program is among the best ballet training in Ohio. Your child will be given the opportunity to continue ballet training by the top faculty members of our school. Each student in our progressive division program is given hands on attention and receives personal communication with both the student and the parent. A child cannot enter into the program without a personal recommendation from the teacher. Therefore; only a select number of students are placed in the class. This gives the faculty the opportunity to work much faster and with more structure than the average ballet class. Students achieve a far greater level in their training.*

*The Ballet 1A program will begin in July with the Ballet 1A class. Ballet 1A meets twice a week in the summer and in the school year. If you decide your child will not take part, please let us know by February 10th so we can move a student off of the waiting list. We currently have well over 100 students in our Primary Ballet Program and only 45 are being recommended for the 1A program at this time. Your dancer may also choose to continue ballet in the general division program which meets once a week.*

*If you have further questions about this program please do not hesitate to email me at [tara@newalbanyballet.com](mailto:tara@newalbanyballet.com) and we can set up a time to talk. I would love to discuss this opportunity with you!*

*Tara Miller*
